Ethical Hacking: Simplilearn

Mar 2024 — Jul 2024

Full-Stack Web Developer: Udemy

07 PROJECTS

Oct 2024 — Feb 2025

Donation Website

Developed *HopeOasis*, a web-based donation platform designed to address healthcare shortages in Sudan. This platform enables users to make monetary and medical supply donations, and it provides an option for medical professionals to volunteer time for consultations. Key features include secure donation tracking, real-time impact updates, and an online consultation scheduler, ensuring that contributions effectively reach conflict-affected communities.

Oct 2024 — Nov 2024

Portfolio

Designed and built a personal portfolio website using HTML, CSS, and JavaScript to showcase my projects and technical skills. The site features an organized layout, smooth navigation, and responsive design, allowing users to explore my work across devices. Integrated interactive elements to enhance user engagement and demonstrate proficiency in front-end web development.

08 EXTRACURRICULER ACTIVITIES

Jan 2023 — Jun 2024

Sudanese Community Representative

As the representative of the Sudanese community at Universiti Tun Hussein Onn Malaysia, I facilitated communication between students and university officials, addressing various student needs and concerns. This role exposed me to diverse situations, helping me develop patience, empathy, and strong interpersonal skills while promoting a sense of unity and support within the community.

Dec 2023 — Jan 2024

Organizer, International Cultural Carnival   *batu pahat*

Played a key role in organizing the university's International Cultural Carnival, a large-scale event that celebrated cultural diversity. Coordinated event logistics, managed communications with various cultural groups, and contributed to creating an inclusive and engaging atmosphere, enhancing my organizational and teamwork abilities.
